Concrete Quality
Software for Concrete QA/QC & Mix Design

Syncro

Data Sharing & Synchronization + Cloud Backup

Your information always in sync

Q

The Syncro feature grants you full access to Concrete Quality's data synchronization servers. It's included in all subscription plans.

It's a must-have!

SHARE information WITH YOUR PARTNERS

### Connect to Concrete Quality's servers to share information

- ➢ Synchronize data for all users in your company
- ➢ Flexible and intuitive permissions system (Workgroups)
- ➢ Share information in-house or with other companies
- ➢ No need to buy servers or install special software
- ➢ You can work offline and Synchronize when you're connected

Work offline, share data online

- ✓ **Concrete Quality stores your data locally so you can access it anytime, anywhere**
- ✓ **To share data with other users you perform a Synchronization**
- ✓ **The Synchronization updates your local data and sends your latest changes to the server so other users' data is updated as well**

Synchronization is a two-way path

Upload new data and your changes

Receive new data and server's changes

User (local PC)
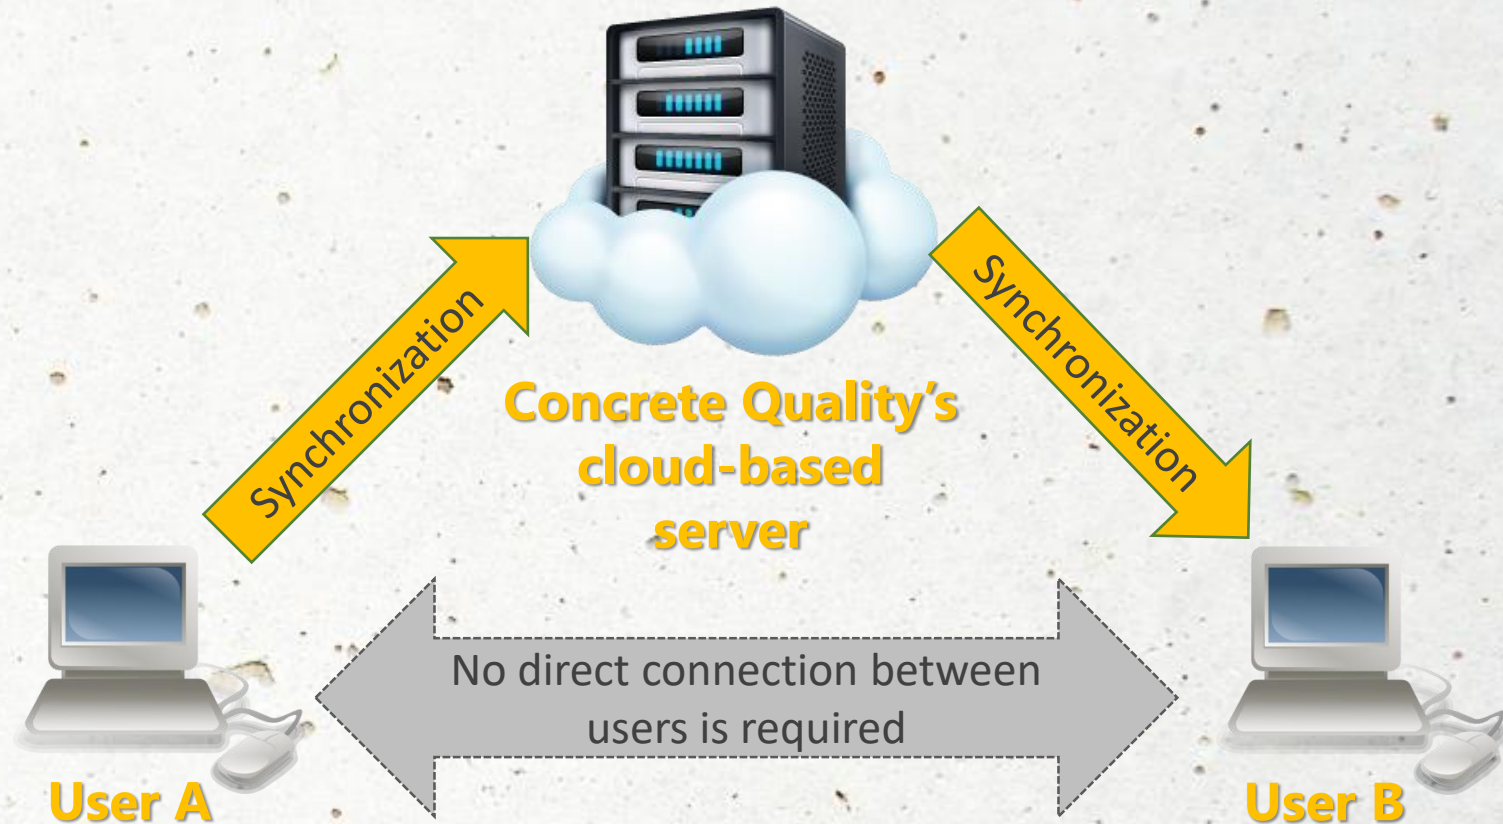

Concrete Quality's cloud-based server

The server evaluates which is the latest version of the data and updates your local information if necessary

No special equipment required

- ✓ **You don't need to set up a server or install other software, we provide all you need**
- ✓ **Available with your standard internet connection**
- ✓ **Share information in seconds anywhere in the world**
- ✓ **Work with a shared database that automatically keeps up to date**

Synchronization

Synchronization

Concrete Quality's cloud-based server

No direct connection between users is required

User A

User B

Automatic cloud backup

✓ **Every time you Synchronize an updated copy of your data is created in the server**

✓ **You can retrieve all your data to a new computer if needed**

Don't worry about loss of precious data!

➢ Only YOU can access your data

➢ All communications are encrypted and double checked for user authentication

➢ Transport + message security

➢ Cloud server located in a datacenter in the USA

➢ Automatic daily backup of the server's database

➢ No limit to how many computers you can use to access your data

Your data is SAFE & ALWAYS AVAILABLE

SECURE & SIMPLE permissions management

✓ **New paradigm: "Workgroups" model**
  ➤ Create Workgroups to define what information will be shared
  ➤ Invite users to your Workgroups to define who you share information with
  ➤ Select what to share and with whom, grant read-only, full access or no access permissions
  ➤ No configuration required
  ➤ Self organizing and fluid model for data access: invite or expel users to grant or deny access
  ➤ Can represent any organizational hierarchy

✓ **Total control of information access**
  ➤ All users know exactly who has access to their shared information
  ➤ Users start with a private workgroup (its data is not shared by default)

a REVOLUTIONARY way to do BUSINESS

- ✓ **All basic features are free to use, forever**
- ✓ **All updates are free, forever**
- ✓ **Pay for optional services only when you need them**
- ✓ **Zero license fees= no investment = no risk!**
- ✓ **Short and affordable subscriptions: try before you buy**
- ✓ **No minimum subscription time and zero cancellation cost**
- ✓ **Direct download and easy to install**
- ✓ **Suited for small and big companies: no users limit**
- ✓ **Import your data from any legacy system**

Enabling special features

Q

Our subscriptions model allows you to select a different plan for each user in your company according to your specific needs.

Pay only for what you actually use!

Subscription Plans features:

- ✓ Subscriptions provide flat-rate access to special features for their duration

- ✓ All plans include cloud data sharing and mobile access

- ✓ The standard subscription period is one month, you can pay monthly or purchase yearly subscriptions at a discount

- ✓ Subscriptions are pre-paid and per user

- ✓ You may pause and reactivate your subscriptions at any time without penalties
